ACHIEVEMENTS

Completed the Web Specialist program 2020 for google Africa Scholarships
 (06/2020 - 10/2020)
The Google Africa Scholarship is a learning base program for individuals. I personally went through the Web Specialist program where I was introduced to web development. The program was in phases and only a number of people proceeded to the next phase through qualifications in quizzes and learning time. Through the program I was able to work in a team in building a project EduShare that would be beneficial to the community.
